Finance and Markets

Live Stock

NEW YORK, March 14.—Practically the same adverse influences which contributed in measurable degree to the depression of stock market prices last week were operative again today, a number of new low records being registered.

The foreign situation, the precarious position of the railroads and the dead-end existing in some leading industries were once more factors which precipitated fresh liquidation and crowded the shorts to extend their commitments.

Statements of earnings submitted by transportation companies and manufacturers offered a steady decline of railroad tonnage and the indifferent attitude of consumers.

At intervals the stock list suggested support of the better grade issues, especially rails, but heavy selling of Reading at an extreme discount, and a fresh attack upon Atlantic Gulf, which ended at a not less of almost 6 points, provoked much confusion. Sales, 600,000 shares.

Call money continued to hold at 7 per cent and offerings of time funds were scarce, though unchanged from last week's quotations. Dealings in foreign exchange contracted, British and French currencies steady, Scandinavian remittances hardened.

Weakness in Pennsylvania railroad and the new bids for the former losing 14 points and the latter a fraction, typified the reactionary bond market. Liberty 3½s made a new low record for the year at \$89.90. Total sales, par value, \$10,175,000.

Chicago Exchange
CHICAGO, March 14.—Considerable strength developed in the wheat market today owing largely to word of export buying at the seaboard. Scarcity of rural offerings tended also to stiffen prices. Demand here, however, was confined almost altogether to shorts. Opening quotations, which varied from unchanged figures to 3 cents higher, were followed by a reaction followed by reactions from initial top figures.

Corn reflected the action of wheat. After opening unchanged to ½ cent higher, including May at 69 cents to 69½ cents, the market steadied with part of the extreme gain lost.

Oats were firmer with higher cereals, starting ¼ cent off to ¼ cent advance, May 42½ cents to 43½ cents, and hardening all around before beginning to react.

Provisions showed weakness as a result of free selling on the part of commission houses.

Chicago, March 14.—Close:
Wheat—March \$1.55; May \$1.44½.
Corn—May 67½; July 70½.
Oats—May 42½; July 43½.
Pork—May 11.75; July 12.10.
Ribs—May 11.40; July 11.70.
